CHINA CABINETS

BOOK CASES

LIBRARY TABLES

Come In and See Our Display—It's a Pleasure to Show You.

ALBERT FABER

213-215 WEST GOLD AVE.

Furniture, Carpets, Draperies and Stoves

POSTMASTER FOR 40 YEARS BIBO WILL LEAVE STATE

ARMY FOR EUROPE IS POPULAR IN IN JAPAN

Men Prominently Identified With Western New Mexico Affairs Since 1866 Give Up Active Business.

Grants, N. M., Dec. 19.—The Cuero Trading company has now taken complete charge of the establishment and business of Bibo Bros., incorporated, whose manager, Simon Bibo, has permanently retired from active business and has moved with his family to San Francisco.

Simon Bibo has been postmaster at Grants for nearly forty years and has been justice of the peace for almost as long. He is succeeded in both positions by Charles Neustadt, who is also United States commissioner and who has charge of the Cuero Trading company's business at Grants.

Simon Bibo and his brother Nathan rank as two of the oldest living pioneer business men of New Mexico. They came here in 1856 and have been prominently connected with business in western New Mexico ever since. Nathan Bibo, senior, who was prominent in San Francisco business circles prior to the earthquake in 1906, lost his business in that calamity and has since been engaged in the sheep business in this section. He is now preparing to open a commission house and real estate business in Gallup.

Phone 2, Red Barn, 211 Copper for first-class books and carriages. W. L. Trimble & Co.

NOTICE.
The Democratic County Central Committee is called to meet at the office of John P. Simms, Room 15, Burnett Building, at eight o'clock p.m. on December 22d, for the purpose of considering the holding of primaries to nominate candidates for Justice of the Peace in the various precincts.

JOHN P. SIMMS,

Chairman Democratic County Central Committee.

BIG REAL ESTATE DEAL CLOSED AT DEMING

Holdings of Deming Real Estate and Improvement Company Bought by Los Angeles Men; Selling Campaign at Portales.

According to the Deming Graphic of Friday the Deming Real Estate and Improvement company has disposed of all its land and other holdings at Deming to Valentine Peyton and associates of Los Angeles for a consideration of approximately \$650,000. The deal, it is stated, was closed last week by wire. A part of the purchase price was the American Bank building at Second and Spring streets, Los Angeles.

PORTALES PROJECT TO BE PUT ON MARKET

According to advertisements in the Portales newspapers, the Portales Utility company, after a year or more of comparative inactivity, has again resumed land selling on a large scale, having placed the unsold lands under the Portales irrigation project in the hands of the Martin-Hansen investment company of Kansas City, an outfit with an extensive selling organization. The company proposes to conduct a vigorous selling campaign, through salesmen in ten states.

THIRTY-FIVE HUNDRED ACRE RANCH NEAR ROY SOLD

Baton newspapers announced the sale of the 3500-acre Trinidad Lureto ranch near Roy, Mora county, to William Bruggeman. The deal was made by Baton real estate men for a consideration not stated, and was closed last week.

AFFAIRS OF FAILED CLOVIS BANK CLOSED UP

Receiver Makes Statement Following Sale Which Realized \$4,000 for the Various Creditors.

The affairs of the failed American Bank and Trust company at Clovis finally were wound up last week by the receiver, Charles E. Dennis, the sole remaining \$4,000 for the depositors. The receiver made the following statement to the Clovis News, following the sale:

The bank building was bought by Jerry Haggard, cashier of the Citizens' bank of Albuquerque. The price paid was \$2,500. The Albuquerque bank was one of the heaviest losers in the American Bank & Trust company failure, but Mr. Haggard's good judgment in buying the building undoubtedly will help his bank to recover at least a portion of the loss.

W. H. Land, a Fort Sumner banker, bought the notes and judgments. The notes aggregated \$29,000.46, and Mr. Land paid \$425 for the lot. Several thousand dollars' worth of judgments brought only \$120. Six or seven thousand dollars' worth of notes had been charged off the books, for which there was no offer.

Several scattering lots in Clovis were sold, also a small equity in a farm north of town.

A surprising feature of the default is the fact that officers, stockholders and employees of the bank owed the bank \$16,547.78 when its doors were closed, which left an indebtedness of less than \$4,000 by outside parties.

HEED THE WARNING.

Many Albuquerque People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Albuquerque people endorse Doan's Kidney Pills.

Mrs. E. Adair, 828 S. Edith St., Albuquerque says: "I had a pain below my shoulder blades. When I was on my feet or walking around, I didn't feel the trouble but the minute I sat down, the pain began. One box of Doan's Kidney Pills brought relief. I know that Doan's Kidney Pills are just as good as they are claimed to be. Occasionally when I feel in need of a kidney medicine, I take them and I always get quick results. I have advised other kidney sufferers to try Doan's Kidney Pills and I continue to recommend them as highly as I did some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Adair had. Foster, Milburn Co., Frogs, Buffalo, N. Y.

Let the Herald want ad do your work.

FARMERS' WEEK AT STATE COLLEGE BIG EVENT

Unusually Varied and Valuable Program on Practical Agriculture and Stock Farming for First Week in January.

ATTENDANCE THIS YEAR EXPECTED TO BE LARGE

Mexico Park, N. M., Dec. 17.—The college extends to every one interested, and especially to the farmers and their wives, a most cordial invitation to attend the Farmers' Week Short Course at the New Mexico College of Agriculture and Mechanic Arts; in fact, it asks you to make a special effort to be present. Many practical demonstrations and lectures of great value to farmers and housewives will be given. In addition to the competitive college faculty, there will be six prominent lecturers from Washington, D. C., and three agricultural demonstrators of note from the different railroad systems in the state, to help out on the program, which follows:

MONDAY, JANUARY 4.

9:00 a. m.—Registration and inspection of buildings and grounds.
10:00 a. m.—Joint session, address of welcome. President George E. Ladd; response, Joseph W. Taylor.

10:00 a. m.—Extension Service and Its Mission to the State. Professor A. C. Cooley, director of extension and state leader.

10:30 a. m.—Farm Crops, Yields and Acreage. Dr. E. P. Humbert, agronomist.

11:00 p. m.—Demonstration. Home Millinery, Miss Le Baron.

TUESDAY, JANUARY 5.

9:00 a. m.—Value of Live Stock to the Farmer. Professor Luther Foster, department of animal husbandry.

10:00 a. m.—Need of Reform in Irrigation Practices in New Mexico. Professor F. L. Bixby, department of irrigation engineering.

11:00 a. m.—Fruits and Vegetables Adapted to New Mexico. Professor Fabian Garcia, director, experiment station; discussion led by Messrs. J. G. Stuart and C. E. Locke.

12:00 p. m.—Demonstration of Orchard Work: pruning, picking, etc. Director, Fabian Garcia and Edw. Dreibliss.

WEDNESDAY, JANUARY 6.

9:00 a. m.—Plant Diseases and Their Control. Assistant Prof. J. M. Mann, department of biology.

10:00 a. m.—Feeding and Housing Poultry. Prof. L. L. Johnson, assistant agricultural demonstrator, Santa Fe Ry. system.

11:00 a. m.—The Dry Farming Soils of New Mexico, and Their Cultivation. Prof. F. R. S. Turnbull, agricultural demonstrator, E. P. & S. W. Ry. system.

12:00 p. m.—Good Roads. Their Need and Value. Hon. F. E. Lester.

1:00 p. m.—Insect Pests and Their Control. Professor D. E. Merrill, department of biology.

2:00 p. m.—Soil Physics and Duty of Water Experiment. Messrs. G. W. Kable and L. B. McNeely, departments of irrigation engineering and agronomy.

THURSDAY, JANUARY 7.

9:00 a. m.—Maintenance of the Fertility of the Soil. Dr. R. F. Harre, station chemist.

10:00 a. m.—Standardization of Grains. Professor Duval, bureau of plant industry, Washington, D. C.

11:00 a. m.—Markets. Professor Bassett, bureau of markets, Washington, D. C.

12:00 p. m.—Stock Judging. Mr. J. R. Meeks, department of animal husbandry.

1:30 p. m.—Professors Duval and Bassett will lecture.

FRIDAY, JANUARY 8.

9:00 a. m.—What the Site Will Do for New Mexico. Prof. H. M. Bainer, agricultural demonstrator, Santa Fe Ry. system.

10:00 a. m.—Farm Management and Farm Demonstration. Prof. C. R. Smith, chief of office of farmers' co-operative demonstrations, Washington, D. C.

11:00 p. m.—How the County Agent Affects Rural Life. Prof. D. W. Working, agriculturist in charge of western division.

2:00 p. m.—Utilization of By-products on the Farm. Canning Demonstration. Prof. O. H. Benson, specialist in charge of club work, northern and western states, Washington, D. C.

3:00 p. m.—Professors Benson and Smith will lecture.

SATURDAY, JANUARY 9.
